

ANJAN SHRESTHA

Frontend Developer

Lainchaur, Kathmandu | 9742436218 | anjan.shrestha.tech@gmail.com

CAREER SUMMARY

Motivated and detail-oriented Frontend Developer with practical experience building responsive, user-friendly web applications using React, JavaScript, HTML, CSS, and Tailwind CSS. Passionate about writing clean, maintainable code and creating intuitive user experiences. Continuously learning modern web technologies and seeking an internship or entry-level opportunity to contribute to real-world software projects while growing as a frontend developer.

PROJECTS

Expense Tracker

- Developed a responsive expense tracking application using React, Tailwind CSS, and Local Storage.
- Implemented income and expense management with category-based organization and real-time balance calculation.
- Designed a clean, intuitive dashboard with a responsive layout for desktop and mobile devices.

Weather App

- Built a weather application using React and integrated a weather API to display current weather and forecast information.
- Implemented city search functionality with support for locations across Nepal and worldwide.
- Created a responsive and user-friendly interface using Tailwind CSS.

Portfolio Website

- Designed and developed a modern personal portfolio using React, Tailwind CSS, and Framer Motion.
- Showcased projects, technical skills, certifications, and contact information in a professional layout.
- Implemented dark/light mode, smooth animations, and fully responsive design for different screen sizes.

TRAINING & CERTIFICATIONS

Web Design Course — CODE IT

- Completed a comprehensive Web Design course covering HTML5, CSS3, responsive web design, and basic JavaScript.
- Gained hands-on experience designing responsive websites, creating modern user interfaces, and applying web development best practices.
